PROJECTS

Netflix-TMDB

[Deployed Link](#)

A project to create a streaming service similar to Netflix

- Developed a Netflix-like streaming platform using **React.JS**, **Redux**, and **TMDB API**
- Dynamic search** and responsive UI for seamless user experience
- Implemented **Firestore Auth** for secure login.
- Reduced API calls by **70% by using memoization** technique
- Dynamic routing with **React-Router-DOM** for seamless navigation

Employee Management System

[Deployed Link](#)

An Employee Management System for managing employee data

- Developed a responsive EMS using **HTML**, **CSS**, and **vanilla JavaScript**
- Implemented modular UI components such as **form-based input handling**
- Real-time DOM updates** and data-driven rendering to enhance user experience and maintainability

EDUCATION

Master of Computer Applications

Chandigarh University

06/2024 - 06/2026

- FullStack Development

Bachelor of Science

Kurukshetra University

06/2017 - 06/2020

- Physics, Chemistry and Mathematics

NON-IT EXPERIENCE

Junior Engineer Assistant

Indian Oil Corporation

05/2022 - 08/2024 | Panipat Haryana

Chemical Plant operations

- Operated chemical manufacturing equipment

Q.A. Chemist

Rama Industries Ltd

04/2021 - 05/2022 | Mohali Punjab

Lab testing and quality assurance

- Conducted lab testing of in-process product according to SOP

SKILLS

JavaScript

React.JS

Redux

Git Version Control

GitHub

React Router

React Router DOM

Restful API

Agile

CSS

HTML

SASS

SCSS

Tailwind

Async API

Firestore User Authentication

Firestore Hosting

DOM Manipulation

CRUD Operations

Responsive Web

CERTIFICATES

Responsive Web Design | FreeCodeCamp

Gained practical experience in building modern, responsive websites using HTML and CSS. Developed strong layout and mobile-first design skills.

Programming in JavaScript | Coursera Meta

Mastered core JavaScript concepts including functions, objects, arrays, and DOM manipulation.

Atlassian Agile Project Management Professional Certificate | Atlassian

Developed a deep understanding of Agile principles, Scrum, and Kanban. Learned to manage projects effectively, foster team collaboration, and deliver iterative, customer-focused software solutions.
